IN THE CLAIMS

Claims 1-15 (Canceled)

--16. (New) An information processing system comprising:

receiving means for receiving an electronic mail containing electronic mail sender information;

reading means for reading a lookup table including electronic mail account information and a music file corresponding to said electronic mail account information; and

retrieving means for retrieving said music file corresponding to said electronic mail account information of said electronic mail sender information received by said receiving means.--

- --17. (New) The information processing system as claimed in claim 16, wherein said electronic mail account information in said lookup table is an electronic mail sender account.--
- --18. (New) The information processing system as claimed as claimed in claim 16, wherein said electronic mail account information in said lookup table is a domain name in said electronic mail sender account.--
- --19. (New) The information processing system as claimed in claim 16, wherein said music file retrieved by said retrieving means is provided to a player to play said music file.--

- --20. (New) The information processing system as claimed in claim 16, wherein said lookup table is set up in advance.--
 - --21. (New) An information processing method comprising the steps of: receiving an electronic mail containing electronic mail sender information;

reading a lookup table including electronic mail account information and a music file corresponding to said electronic mail account information; and

retrieving said music file corresponding to said electronic mail account information of the received electronic mail sender information.--

- --22. (New) The information processing method as claimed in claim 21, wherein said electronic mail account information in said lookup table is an electronic mail sender account.--
- --23. (New) The information processing method as claimed as claimed in claim 21, wherein said electronic mail account information in said lookup table is a domain name in said electronic mail sender account.--
- --24. (New) The information processing method as claimed in claim 21, wherein the retrieved music file is provided to a player to play said music file.--
- --25. (New) The information processing method as claimed in claim 21, wherein said lookup table is set up in advance.--
